Things to know:

In order to get member rates for paid programs, you must first be a member. If you are not a current member but are in the process of becoming a member, first buy your membership. Then in a second separate transaction you can purchase the program at the member rate.

Only locker renewals can be done online. First time locker rentals MUST be purchased in person at the Member Services window during their open hours.

To renew a membership online, you must be purchasing the same membership. Any change in date duration or category (ex: Semester to Annual, Community to Faculty/staff) is considered a new membership and must be purchased accordingly.

To Renew a membership/locker once logged in, click on your username in the upper right, then select “Profile”. On the left of that page under “Personal Information”, select Memberships (or Locker) and a button will be there that says “Renew”.

A primary member must have a current membership in order for another person linked to them to purchase/renew.

Items that cannot be purchased online include: one day guest pass
